

Standards for a Sustainable Future

Photo by Nick Hall. Avoiding Planned Deforestation and Degradation in the Valdivian Coastal Reserve, Chile (Verra Project 1175).

About Verra

Verra supports climate action and sustainable development with standards programs and tools that credibly, transparently, and robustly assess environmental and social impacts.

Sustainable Development Verified Impact Standard Program

The Sustainable Development Verified Impact Standard (SD VISTa) Program certifies the real-world benefits of social and environmental projects, from gender equity and economic development to affordable clean energy and restoration of wildlife.

Plastic Waste Reduction Program

The Plastic Waste Reduction Program (Plastic Program) enables the robust impact assessment of new or scaled-up waste collection and recycling projects.

SD VISTa Nature Framework

The SD VISTa Nature Framework certifies and incentivizes widespread investment in measurable positive biodiversity outcomes benefiting nature and people.
