These Terms of Use set out the terms on which Verra offers to make the Verra Registry (**Registry**) available to the user.

The Registry serves as the registry for the Verra Programs.

The User wishes to use the Registry on the terms and conditions of this Agreement, as amended from time to time.

Operative Provisions

1. General Terms of Use

- 1.1 The User acknowledges and agrees that when using the Verra Registry, the User will be subject to, and must comply with, these Terms of Use as modified from time to time in accordance with the terms hereof.
- 1.2 Where there is any inconsistency between these Terms of Use and the Program Rules and Requirements of a Verra Program, the Program Rules and Requirements of the relevant Verra Program will prevail over these Terms of Use.
- 1.3 In addition, the User agrees to comply with any and all applicable Scheme Regulations imposed and updated from time to time by a third-party Scheme Regulator.
- 1.4 If the User does not agree to these Terms of Use, the User may not access or otherwise use the Verra Registry.

Specified business activities

- 1.5 The User may not conduct any of the following business activities in relation to its use of the Verra Registry without providing advance written notice to Verra:
 - (a) purchasing, holding, transferring, retiring or cancelling Instruments on behalf of third parties; or
 - (b) acting as Agent on behalf of a Principal who owns or intends to own Instruments.
- 1.6 Where the User conducts the business activities referred to in Clause 1.5, the User represents and warrants that:
 - (a) in carrying out such business activities it holds all necessary securities and/or

financial services licenses and approvals required to undertake these activities in each of the jurisdictions that it is performing such business activities in; and

(b) where applicable, that Know-Your-Client checks have been conducted on each of the customers it is undertaking the business activities on behalf of; and

(c) if acting as Agent, it has full, valid and current authority to represent and act on behalf of the Principal (who shall be fully liable for the acts and omission of the Agent) and that such authority has not been revoked.

1.7 If the User conducts any of the business activities referred to in Clause 1.5, it shall provide such evidence as is required by Verra to confirm its authority to undertake each such activity. The User shall immediately notify Verra if any authority or permission required to undertake the relevant business activity is amended or revoked.

1.8 Verra reserves the right to grant, limit, suspend, or remove the User's access to certain functionality in the Verra Registry that supports the business activities identified in Clause 1.5 at any time.

Related instruments

1.9 The User may not conduct any of the following business activities without the express written consent of Verra, which is to be granted in Verra's sole and absolute discretion:

(a) creating Related Instruments;

(b) marketing Related Instruments;

(c) transacting in Related Instruments in any form whatsoever.

1.10 If the User conducts any of the business activities referred to in Clause 1.9, it shall provide such evidence as is required by Verra to confirm its ability (including its technical competence and financial standing) and authority (including its legal capacity and regulatory permissions and authorities) to undertake each such activity. The User shall immediately notify Verra if there is any material change in such ability or authority, including whether any authority or permission required to undertake the relevant business activity is amended or revoked.

1.11 Verra reserves the right to grant, limit, suspend or remove the User's access to certain functionality in the Verra Registry that supports the business activities identified in Clause 1.9 at any time.

2. Term

2.1 These Terms of Use commence on the date on which the User indicates on the Verra Registry website that the User agrees with and accepts the Terms of Use (**Commencement Date**), and these Terms of Use shall continue in effect until terminated in accordance with Clause 14 (**End Date**).

3. Services

- 3.1 Verra, through the Verra Registry, provides an electronic platform to list Project Activities that follow the applicable protocols and standards for the relevant Verra Program and record the issuance, transfer, retirement and cancellation of Instruments within the Verra Registry.
- 3.2 The Verra Registry lists Project Activities and issues Instruments in accordance with the Program Rules and Requirements of each of the Verra Programs it administers. Accordingly, where applicable to the User, before a Project Activity can be listed or an Instrument issued, the User must provide Verra with appropriate documentation for its approval in accordance with the procedures set out by Verra.
- 3.3 The User is responsible for providing and maintaining all communications lines, telephone/transmission services, and all equipment and technology, necessary for the User to access and use the Verra Registry, and all costs and expenses associated with its accessing and using the Verra Registry.
- 3.4 The User shall take all appropriate steps and precautions to safeguard and protect the access, use, and security of the Verra Registry and the User's access information from unauthorized users.

4. Opening an Account

- 4.1 A User may request that Verra open a Verra Registry Account for that User in accordance with the procedures set out by Verra.
- 4.2 Verra will only open a Verra Registry Account for a User if:
 - (a) the User is not an individual (being a natural person);
 - (b) the User has indicated its acceptance of these Terms of Use; and
 - (c) the User has provided sufficient identification information including satisfying any relevant Know-Your-Client (KYC) or other background check requirements in accordance with the procedures set out by Verra including the Program Rules and Requirements.
- 4.3 Verra may, in its absolute discretion, refuse to open a Verra Registry Account for a User.

Program Sub-Accounts

- 4.4 A User may request that Verra open a Program Sub-Account under its Verra Registry Account for all transactions related to a particular Verra Program or to manage the holding of Instruments within a particular Program. For the avoidance of doubt, a User shall have a separate Program Sub-Account for each Verra Program it participates in.

Omnibus Account and Sub-Accounts

- 4.5 A User may request that Verra open an Omnibus Account for a Verra Program with one or more Business Sub-Accounts for all transactions related to business activities performed on behalf of the User's customers.

Sub-Registers

- 4.6 A User may request that Verra open an Omnibus Account for a Verra Program with one or more Business Sub-Accounts for the purpose of allowing participants in an Approved Sub-Register to hold Instruments. Entitlements to such Instruments shall be determined by reference to this Approved Sub-Register.
- 4.7 Verra may, in its sole and absolute discretion, refuse to approve a request under Clause 4.6.

5. Listing a Project or Activity

- 5.1 Once the User has opened a Verra Registry Account, the User may request that Verra list a Project Activity in accordance with the procedures set out by Verra including any Program Rules and Requirements.
- 5.2 Verra will require any User who intends to list a Project Activity to provide all documentation and information as required by the relevant Verra Program Rules and Requirements.
- 5.3 Verra will only list a Project or Activity if:
- (a) the User has registered with Verra or any relevant Scheme Regulator (as applicable) and submitted all necessary information to Verra or the relevant Scheme Regulator in accordance with the applicable Verra Program Rules and Requirements or Scheme Regulations;
 - (b) the User has confirmed that it is not subject to any holding account restrictions in accordance with the applicable Scheme Regulations;
 - (c) the User has complied with all relevant laws in relation to the Project Activity; and
 - (d) the User has complied with any other requirements specified in the relevant Program Rules and Requirements or by the relevant Scheme Regulator or by Verra from time to time.
- 5.4 For the avoidance of doubt, a Project or Activity may be listed under more than one Program, provided that it meets the requirements for listing of each of the applicable Verra Program Rules and Requirements or Scheme Regulations.
- 5.5 Verra may, in its absolute discretion, refuse to list any Project or Activity in the Verra Registry.

6. Issuance of Registry Instruments

- 6.1 A User may request that Verra issue Instruments to its Verra Registry Account in accordance with the relevant Verra Program Rules and Requirements.
- 6.2 Verra will require any User who intends to issue Instruments in the Verra Registry to provide all documentation, attestations and information as required by the relevant Verra Program Rules and Requirements.
- 6.3 Verra will only issue Instruments if:
 - (a) the User has submitted complete and signed original or certified electronic versions of all attestations and documentation required under the relevant Verra Program Rules and Requirements or by the relevant Scheme Regulator and these Terms of Use;
 - (b) Verra is satisfied (based solely on the information provided by the User and third parties) that the Project Activity for which Instruments are to be issued meets the relevant Verra Program Rules and Requirements;
 - (c) the User complies with all relevant laws;
 - (d) the User has established a Program Sub-Account for the relevant Program; and
 - (e) the User has complied with any other requirements specified in the relevant Verra Program Rules and Requirements or by the relevant Scheme Regulator or by Verra from time to time.
- 6.4 The User acknowledges and understands that Verra's issuance of Instruments is no guarantee of any relevant Scheme Regulator's issuance of corresponding Scheme Instruments, and that a Scheme Regulator may determine, pursuant to the relevant Program Rules and Requirements, that fewer or no Scheme Instruments will be issued relative to the quantity of Instruments issued by Verra. In such instances, Verra maintains the right to cancel the quantity of Instruments that it issued in excess of the number of Scheme Instruments issued by the relevant Scheme Regulator or take other action that it deems appropriate, considering the circumstances and facts available to Verra.
- 6.5 The User acknowledges and agrees that in the event that Verra or a relevant Scheme Regulator determines that GHG reductions or removals for a Project Activity were incorrectly quantified or reported, such that the number of Instruments issued to the User was in excess of the correct number according to the requirements of the applicable Verra Program Rules and Requirements, it is the User's responsibility to compensate for the over-issuance of Instruments, irrespective of whether the Instruments are still held by the User.
- 6.6 The obligation to compensate for any over-issuance of Instruments survives the End Date, and exists until the later of:
 - (a) the date which is six years after the date of issuance of such Instrument; or
 - (b) 12 months after the date upon which any second verification report with respect

to any such Instrument is accepted on the Verra Registry in accordance with the relevant Verra Program Rules and Requirements.

- 6.7 Verra may, in its absolute discretion, refuse to issue Instruments to the User's Verra Registry Account.

7. Recording the Transfer of Instruments within the Verra Registry

- 7.1 Upon receiving notification from the User or a Financial Market Settlement System that there has been an erroneous or fraudulent dealing related to Instruments in the Verra Registry, Verra may at its total discretion reverse the transaction or movement of Instruments or remove any Instruments being held in a User's Verra Registry Account or Program Sub- Account in accordance with any instructions received from the User or the relevant Financial Market Settlement System.
- 7.2 Upon receiving any written instruction from a Scheme Regulator in relation to any dealing with Instruments in the Verra Registry, Verra may at its total discretion reverse any transaction or movement of Instruments or remove any Instruments being held in a User's Verra Registry Account in accordance with any written instructions received from the Scheme Regulator.
- 7.3 Verra shall have no liability whatsoever for exercising its discretion under this Clause 7 if the written notification provided by a User, Financial Market Settlement System or Scheme Regulator is subsequently determined to have been given in error or fraudulently.

8. Cancellation and Retirement of Instruments

- 8.1 The User may request that Verra cancel or retire Instruments in accordance with the relevant Verra Program Rules and Requirements and the procedures set out by Verra.
- 8.2 The User acknowledges and agrees that, if the User wishes Verra to cancel or retire Instruments, upon such cancellation or retirement:
- (a) all legal and beneficial title and interests in such Instruments will be extinguished; and
 - (b) neither Verra, the User, nor any other person with Legal or Beneficial Ownership Rights will have any further rights to take the benefit of such Instruments nor the underlying Environmental Benefits corresponding to such Instruments.
- 8.3 For the avoidance of doubt, the extinguishment of legal and beneficial title and interests in the Instrument does not prevent the User (or any other person with Legal or Beneficial Ownership Rights on whose behalf the Instrument is cancelled or retired) from making offsetting claims corresponding to the Instrument cancelled or retired.

- 8.4 Subject to Clauses 11.4(n) and 11.4(o), any instruction by the User to Verra to cancel or retire Instruments in accordance with this Clause 8 is irrevocable, and the User acknowledges that any such instruction will not be reversed.
- 8.5 Verra acknowledges and agrees that, once the User has complied with this Clause 8 and Verra has cancelled or retired the Instruments, Verra will not take any action to exercise or purport to exercise any right or interest, or deal with or otherwise use, the cancelled or retired Instruments or the underlying Environmental Benefits corresponding to such Instruments and considers that no person has any further rights to take the benefit of the cancelled or retired Instruments or the underlying Environmental Benefits corresponding to such Instruments.
- 8.6 The User acknowledges and agrees that any Buffer Credits held in a pooled buffer account on the Verra Registry may be cancelled or retired by Verra upon notification of a reversal event in accordance with the relevant Verra Program Rules and Requirements.

9. Legal Title to Instruments

- 9.1 Notwithstanding anything in Clause 6, the User acknowledges and agrees that Verra does not in any way guarantee legal title to the Instruments and the User relies on any content obtained through the Verra Registry at its own risk.
- 9.2 For the avoidance of doubt, Verra is under no obligation to verify or otherwise enquire into the validity of, or legal title to, the Instruments or any Related Instruments and does not recognize any interest in an Instrument or any Related Instruments other than the interest of the entity named as the holder of the Instrument in the Registry or any Approved Sub-Register.

10. Fees and Charges

- 10.1 Fees payable for use of the Verra Registry will be published by Verra from time to time.
- 10.2 The User shall provide User's billing information prior to opening a Verra Registry Account with the Verra Registry. Invoices will be sent to User by email. All payments made to Verra should be made by wire transfer of immediately available funds in United States dollars to the Verra Bank Account. Users based in the United States of America only may (as an alternative to wire transfer) make payments using the Automated Clearing House network administered by the National Automated Clearing House Association to transfer immediately available funds in United States dollars to the Verra Bank Account. For the avoidance of doubt, all costs associated with the User's payment of fees shall be borne by the User.

Late Payment

- 10.3 If User fails to pay when due any fees, costs or other amounts which User is obligated to pay under these Terms of Use, such amounts will be deemed delinquent and will

accrue interest at the Interest Rate, such interest to be calculated from and including the Due Date to, but excluding, the date on which the delinquent amount is paid in full.

- 10.4 Acceptance of late payment of any such amounts or of any interest accrued thereon shall not constitute a waiver by Verra of the User's default with respect to such late payment, nor prevent Verra from exercising any other rights or remedies available to it under these Terms of Use or any applicable law, for any loss or damage suffered in excess of the repaid amount.
- 10.5 If delinquent fees are not paid by the User within thirty (30) days of the Due Date, Verra maintains the right to freeze the User's access to its Verra Registry Account and Program Sub-Accounts until such time as User pays all outstanding fees, inclusive of interest.
- 10.6 Verra shall bear no liability to the User or any third party in connection with Verra's exercise of its rights and remedies hereunder.

Changes in Fees and Costs

- 10.7 Verra may, upon thirty (30) days' notice to User and in its sole discretion, increase or decrease any or all of the fees and costs payable hereunder at any time. In no event shall any portion of such fees and costs be prorated or refunded to User after the End Date or termination or suspension of User's access to the Verra Registry.
- 10.8 Any use of the Verra Registry by the User after the effective date set forth in the notice shall be deemed to constitute acceptance of such changes to the fees and costs payable hereunder.

Taxes and Other Charges

- 10.9 User shall be responsible for all taxes and charges imposed by a Government Authority related to the use of the Verra Registry and all related hardware, software, and services, and any other costs the User incurs in connection with the purchase, sale, posting, or transfer of Instruments or any other use of the Verra Registry.
